Secure and reliable

- StarLeaf is ISO/IEC 27001 certified: the most respected information security standard.
- Our industry-leading 99.999% uptime guarantee for services you can rely on.

Data jurisdiction guarantee

- Your data will remain under your control, in your own jurisdiction.
- Data is processed in accordance with US data protection and confidentiality requirements.

Intuitively simple

- Works across devices and technologies.
- Effortless to schedule/join appointments and to share content.
- Premium experience: it just works, every time.

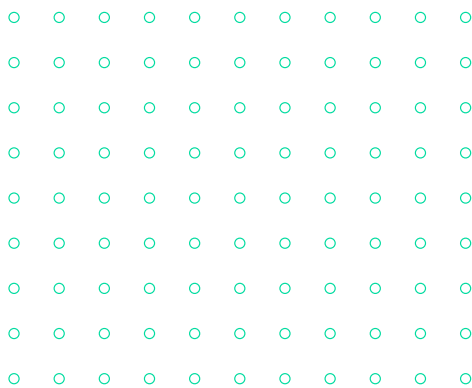

StarLeaf is HIPAA compliant

StarLeaf has achieved HIPAA compliance, and we're ready and able to enter into a Business Associate Agreement (BAA) with healthcare organizations looking to achieve or maintain HIPAA compliance.

We can deliver HIPAA compliant solutions by guaranteeing secure video, audio, and data sharing:

- All StarLeaf data, both in transit and at rest, is encrypted with industry standard and always up-to-date cryptographic methods.
- All calls are in real-time, leaving no residual footprint on StarLeaf infrastructure.
- Our data jurisdiction guarantee, means you can be sure that your data will remain under your control and within your defined jurisdiction.
- Robust security measures have enabled StarLeaf to achieve the industry leading ISO/IEC 27001 security certification.
